VELATURE

Velature is a fantastic siloxanic masonry preservative that is usable for exterior and interior walls. It creates a pleasant two tone matt finish.

It is equally compatible with lime and acrylic bases and hence becomes extremely versatile, decorative and inherently it is highly resistant to water and other atmospheric agents.

- Quick and easy application
- Odourless
- Environmentally Green with zero VOC
- Highly customizable with respect to colours and effects
- Compatible with all paintable substrates
- It supports fragmented repair to a limited extent
- Adaptable in all concepts, classical, modern or fusion.
